Since 1936, we believe that the Founding Mothers Legacy has been the beacon light for all those who want to follow their footsteps, as well as paved an ambitious and attainable set of goals for yesterday, today and tomorrow's WCIC leadership, team and organization. This organization has set new standards in the field of social work. We the workers of the later generations have been reading the history through the book entitled *THE GRIOT*, observing the Founding Mothers' legacy of class and style, as well as learning a lot. The wisdom and merging of the three groups: Mondays Club, Sorosis, and Nothing Unless Good (NUG) have always been our ideal.

Over many decades, WCIC has aimed to promote excellence among human service professionals in Sacramento through Head Start Programs, Senior Nutrition Program, Low-Income Nutrition Program, Energy Program, Weatherization Program, Health/Project Survival Program, rigorous standards and an emphasis on ethical business practices. "Still We Rise" by Life Memberships, Annual Memberships, great opportunities for networking, ongoing community partnerships, exchanging best practices and gaining access to comprehensive resources. WCIC has worked hard to help make the Sacramento communities, businesses and other institutions better places to live and work.

We add our voices to those honoring WCIC's 80 years of dedicated service and more to come. We too look forward to celebrating this great organization's history with your presence and blessings!

Sincerely yours,
